Great River Technology, Inc.

1. **REACH REGULATION (EC) No 1907/2006 Article 33(1) - Communication on Substances of Very High Concern**
   Under REACH (EC No. 1907/2006), the EU chemicals regulation, Article 33 requires suppliers of articles to inform recipients if a Substance of Very High Concern (SVHC) is present above 0.1% weight by weight. This obligation applies at the **article level***, including for complex products made of multiple components. SVHCs are listed on the Candidate List published and regularly updated by the European Chemicals Agency (ECHA).
   http://echa.europa.eu/candidate-list-table

2. **Regulatory/Declarable Substance List (DSL) version**
   Insert date of regulatory version or latest update you are declaring against

3. Latest IEC 62474 DSL version: D28.00	*01/2025*

4. **Scope of declaration**
   This declaration applies to the following (select one):

   ☐ All Products sold or otherwise placed on the market by **Great River Technology, Inc.**

   ☒ Specific product(s) listed: **SAM G3**

   This declaration remains valid unless material changes to the product(s) occur, of which customers will be notified, or until declaration is updated in response to changes in applicable regulation(s) and materials.

5. **Compliance Status (declaration)**
   Select as appropriate:

   ☐ ALL products DO NOT contain a REACH SVHC above 0.1% w/w at the article level

   OR

   ☒ Product(s) compliance status as listed in table 1

Product(s)	DOES contain	Does NOT contain	Substance Name/Group	CAS/EC Number	Concentration (%)	Article* in which substance is found and Safe Use Information (if applicable)
SAM G3	x		Lead	7439-92-1	3.3%	High Temp Solder
SAM G3	x		Lead	7439-92-1	1.3%	Solder
SAM G3	x		4,4'-isopropylidenediphenol	80-05-7	0.2%	Laminate
SAM G3	X		Diboron trioxide	1303-86-2	0.3%	Oscilator

Table 1: Products that do and/or do not contain a REACH SVHC above 0.1% w/w at the article level

*An *article* is defined as an object which during production is given a special shape, surface or design that determines its function to a greater degree than its chemical composition. Following a 2015 ruling by the European Court of Justice (C-106/14), this requirement applies to each individual component of a complex product—commonly referred to as the *"once an article, always an article"* principle. Once an article has an established duty to declare, this duty remains for whichever more complex article / product this article is used in, even if the article was originally manufactured outside of the EU.

** Supplier certifies that it gathered the provided information and such information is true and correct to the best of its knowledge and belief, as of the date that Supplier completes this form. Supplier acknowledges that Company will rely on this certification in determining the compliance of its products. Company acknowledges that Supplier may have relied on information provided by others in completing this form, and that Supplier may not have independently verified such information. However, in situations where Supplier has not independently verified information provided by others, Supplier agrees that, at a minimum, its suppliers have provided certifications regarding their contributions to the part(s), and those certifications are at least as comprehensive as the certification in this paragraph. If the Company and the Supplier enter into a written agreement with respect to the identified part(s), the terms and conditions of that agreement, including any warranty rights and/or remedies provided as part of that agreement, will be the sole and exclusive source of the Supplier's liability and the Company's remedies for issues that arise regarding information the Supplier provides in this form.
