EOL Notice - Matrix Series

January 23, 2023

Overview

In 2023, due to parts obsolescence issues, Great River Technology is discontinuing the Matrix PCIe4 series. To support customer needs for additional units, Great River will manufacture a final build of modules in mid-2023 and will offer a lifetime buy to existing customers.

Description & Parts Affected

All Matrix series cards will be discontinued. This includes all part numbers beginning with: MX-E4, MX-R4, MX-CC, MX-X4, and MX-X8 this includes HOTLINK Video, HOTLink Data, FCAV and ARINC 818 versions. (For example: MX-E4-HV-C1-3A-HH, MX-X4-A8-O8-2X-DR-X24XC or MX-E4-A8-O8-1X-DT-C17f1)

For most customer applications, Matrix cards may be replaced by Great River's newer Velocity cards. Since each card is configured according to a customer's ICD, the Velocity replacement will need to be created. The table below indicates discontinued part numbers and their possible replacements.

Matrix Series Base P/N	Possible Replacement	Comments
MX-E4-A8	VL-E8-A8 or VX-E8-A8	
MX-E4-FC	VL-E8-A8 or VX-E8-A8	No replacement for HSVN cards
MX-E4-HV	None	
MX-E4-HD	None	
MX-E4-HL2V	None	
MX-R4-A8	VL-E8-A8 or VX-E8-A8	
MX-R4-HV	None	
MX-CC-HV	None	
MX-X4-A8	None	
MX-X4-HV	None	
MX-E8-A8	VL-E8-A8 or VX-E8-A8
